#### HOW TO APPLY

For more informations and inscriptions contact  
[earthhouse.ghana2016@gmail.com](mailto:earthhouse.ghana2016@gmail.com)

#### WHY

Join our international team to build a sustainable prototype and help to reinvent the traditional **earth house** within an arts village. You will learn new skills on earth buildings and **immerse in the local culture** through hands-on site analysis, field trips and the construction of the project with the local community.

#### EVERYBODY CAN PARTICIPATE

Anybody interested in building with earth, **volunteers, students** of architecture and landscape, **interior design** to organize the interior spaces, **product designer** to create the furniture, **photography/video makers** for a documentary.

Students can use the opportunity for internship, personal research or thesis.
